Experience	**Amazon Web Services, Berlin**
	Starting August 2018, June 2017–August 2017 (Internship)
	Software Development Engineer: Starting full–time in August 2018
	Internship: Building & improving integration tests ensuring safe migration of internal services
	Amazon Lab126, Cambridge (United Kingdom)
	May 2016–September 2016
	Research Intern: Built libraries for internal tools & working on the Amazon Echo Show
	German Armed Forces – Division Special Operations
	Airborne Reconnaissance Company 310
	April 2005–September 2012
	Dec 09–Jul 10: ISAF Afghanistan: Mentor & instructor for the Afghan National Army
	Jul 07–Nov 07: ISAF Afghanistan: Mixed Reconnaissance Company RC North
Education	**B.Sc. Computer Science at University College London**
	September 2015–June 2018
	Classification: First Class Honours
	Early Study Programme Computer Science Technical University Munich
	October 2014–June 2015
	Abitur at Städtisches Münchenkolleg
	September 2012–June 2015
	Overall Grade 1.0 (1.0 best, 6.0 worst)
Projects	**AwsLambdaContinuousDelivery**
	Oct 2017–Present
	Open-Source tool for AWS Lambda Functions to quickly create continuous integration and delivery pipelines: `https://github.com/AwsLambdaContinuousDelivery`
	Scaffolding Exercise Assignment Tool (SEAT)
	September 2016–June 2017
	Leading a team of 3: A cloud based Haskell coursework system for UCL with Microsoft as partner
Languages	**German** *(fluent)*, **English** *(proficient)*, **Polish** *(familiar)*, **Latin** *(basic)*
Technical Skills	**Java, Haskell, Python, C** *(proficient)*, **Git, AWS, Azure, Guice** *(familiar)*
Awards & Prizes	**Konrad-Adenauer-Foundation Scholarship**
	May 2016–June 2018
	Representative of the Student Group in London
	UCL Computer Science Award
	September 2017
	In recognition of outstanding achievement
	2nd Place at Microsoft Imagine Cup UK National Finals 2017
	April & July 2017
	Participating at Imagine Cup Worldwide Finals in Seattle 2017
	1st Place UCL COMP105P Robotics Maze Race (55 participating teams)
	June 2016
